CIRCLE

Circle

Circle

Circle

A circle is a round-shaped figure that has no corners or edges.
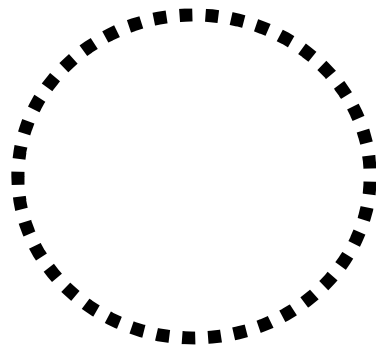

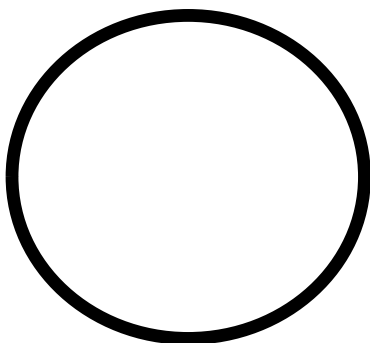

# Shapes: Match shape to objects

Can you identify the shape of a given object? Draw a line by matching the shapes on the left to the objects on the right.

Shapes: Odd one out

Draw a square around the shape, which is different from the other shapes in the group.
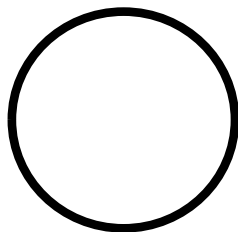

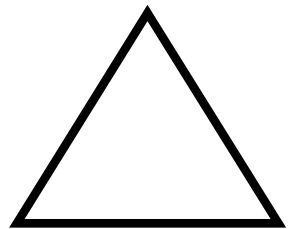

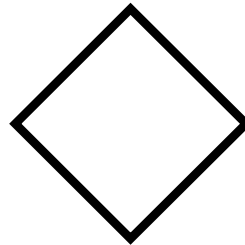

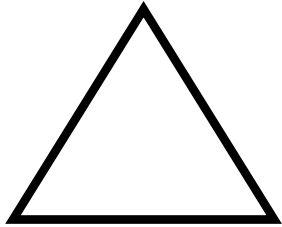

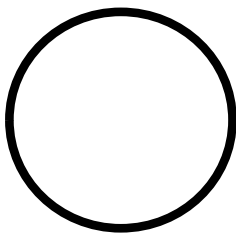

Shapes: Create objects

Can you create objects from the shapes given below? With the help of an adult, cut the images along the dotted lines given below and paste them according to the shape picture shown above..
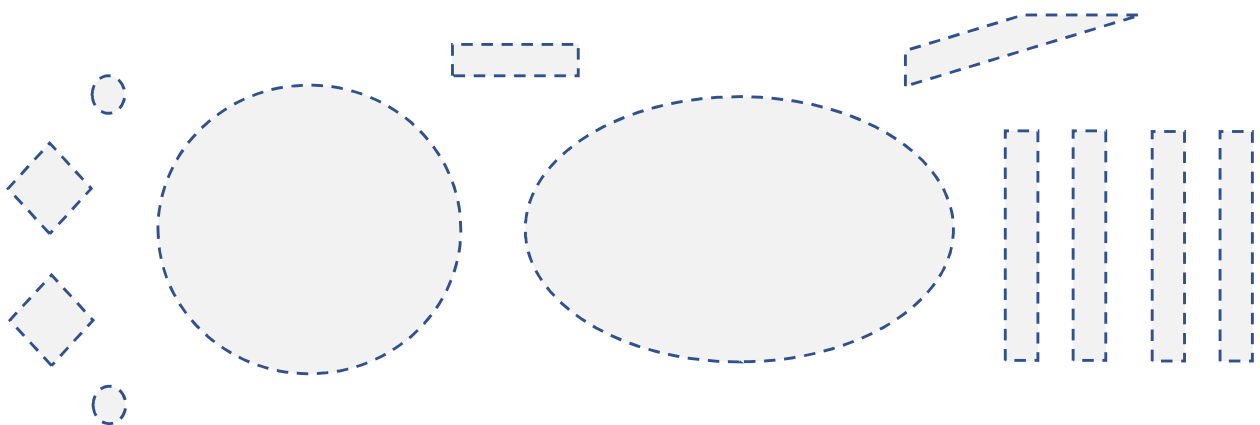

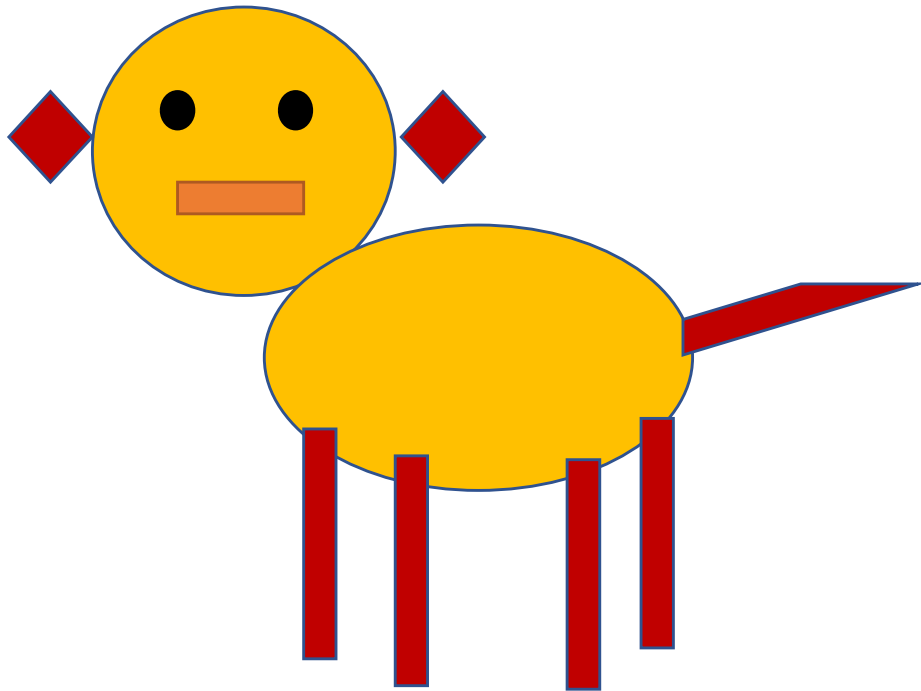

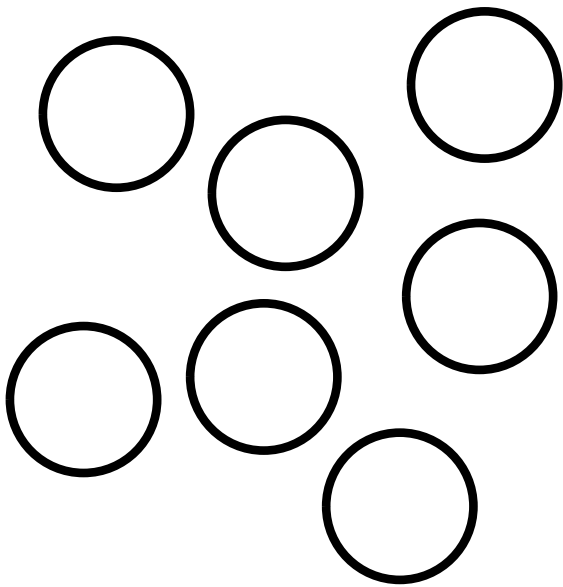

Shapes: Create objects

Can you create objects from the shapes given below? With the help of an adult, cut the images along the dotted lines given below and paste them according to the shape picture shown above..
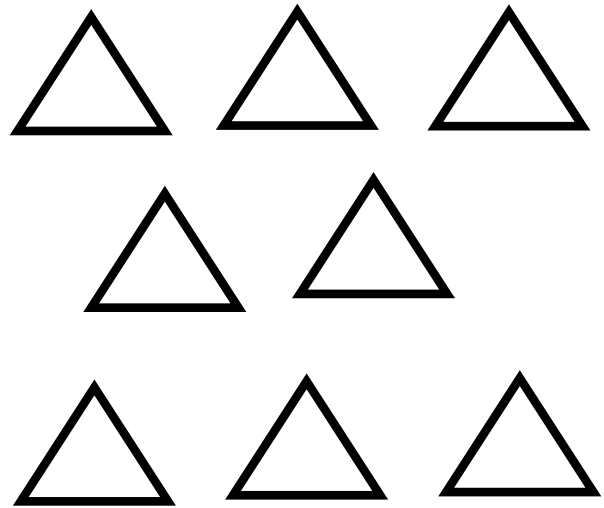

Shapes: Count the shapes

Count the shapes in each box and circle the correct number in the box given below
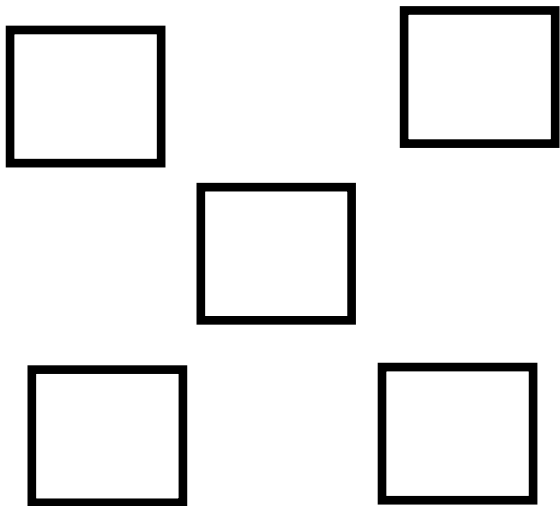

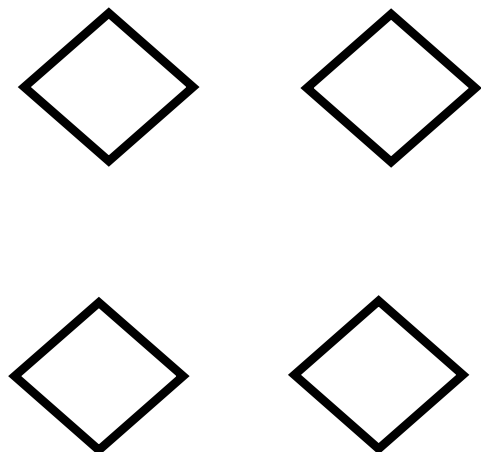

| 4 | 5 | 7 |

| 4 | 8 | 7 |

| 4 | 5 | 7 |

| 4 | 8 | 7 |

Color by Sides

Count the sides of the shapes and color according to the key.

Sides

3 = Blue

4 = Orange

5 = Yellow

6 = Red

8 = Green
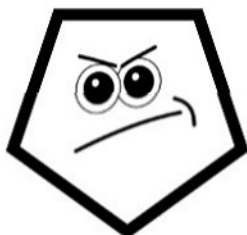

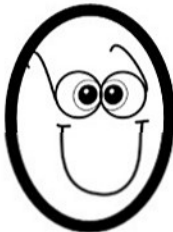

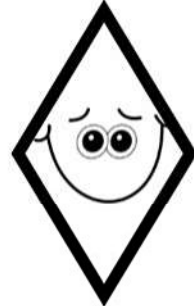

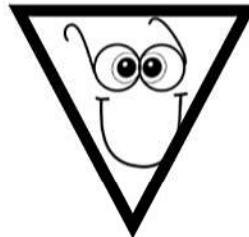

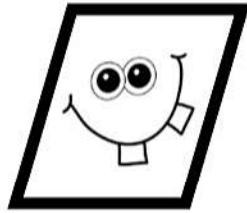

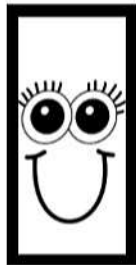

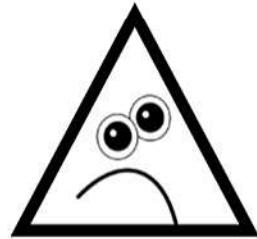

Match it

Look at the shapes below, count the sides. Cut them out and glue them in the right box.

| 3 Sides	4 Sides	5+ Sides
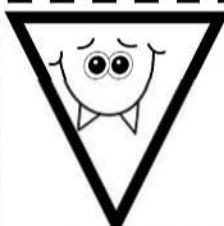

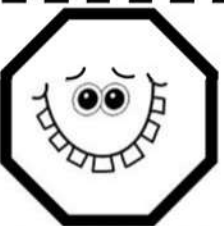

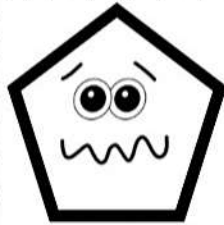

Fish for squares

Find all the squares and color them in.

Shape Count

Trace and count up each shape, write the number below.

Write the number counted next to the shapes

Squares = _

Circles = _

Triangles = _

Rectangles = _

Color it, Trace it, Draw it
